Dear Mr. Smathers:

This responds to your request dated September 10, 2013, to INTERPOL Washington, pursuant to the Freedom of Information Act (FOIA) for a list of all Memorandum of Understandings (MOU) and Memoranda of Agreements (MOA), between INTERPOL Washington and any other agency or department.

Please be advised that, based on your email dated, September 17, 2013, you agreed to withdraw your request for a copy of all INTERPOL Washington, MOA and MOU created between July 1, 2012 and September 12, 2013, upon receiving a list of all INTERPOL Washington MOU's and MOA's for this period.

We received your request on September 10, 2013. Please refer to the above FOIA number assigned to your request in any additional correspondence.

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. 552(c) (2006 & Supp. IV 2010). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

Enclosed is the listing of all INTERPOL Washington's MOU's and MOA's.

If you are not satisfied with INTERPOL Washington action on your request, you may appeal by writing to:

Co-Director  
Office of Information Policy  
U.S. Department of Justice

Suite 11050  
1425 New York Avenue, NW  
Washington, DC 20530-0001

You must make your appeal in writing and it must be received by the Office of Information Policy within 60-days of the date of the letter denying your request. In addition to mailing your appeal, you may also submit your appeal through the OIP eFOIA portal at <http://www.justice.gov/oip/efoia-portal.html>. Both the letter and envelope, or the email should be clearly marked "Freedom of Information Act Appeal."

If you have any questions concerning this request, please contact Gordon Johnson at (202) 616-0201.

Sincerely,

Shawn A. Bray  
Director
